

- » Here is some user click data from a website. What's the best way to spend £1000 to optimise user navigation through the website?
- » Here is some data. Present it in the best way you can, explaining your choice(s) of diagram/chart/table/etc. (You should also explain why other visuals were rejected.)
- » Here are some tools for calculating mortgages. For each of the following conditions, work out which mortgage should apply.
- » Here is some cost, efficiency, etc. data for various means of generating electricity (nuclear, wind, etc.) and your country's energy policy for the next 10 years. What would you do as prime minister?
